- Other: RESTful APIs
- Graphic Design

EXPERIENCE WORK

CRYPTO WALLET DEVELOPMENT (PERA) - PERA TECHNOLOGIES LTD

Led the end-to-end development of Pera, a cutting-edge cryptocurrency wallet platform, as the Founder and CEO. Spearheaded the mobile wallet app launch, architected and deployed the supporting web platform, and built Pera Hub—a content-driven blog site designed to educate and engage users. Successfully transformed a concept into a scalable fintech solution used by a growing user base.

BANKING WEBSITE & MOBILE (ZIP BANK) APP - ZIP BANK PLC

Founded and led the end-to-end development of Zip Bank, a full-scale digital banking platform. Spearheaded the creation and deployment of both mobile and web applications, while also launching a dynamic support blog to drive user engagement and customer education.

SAVE PAY - FINTECH APP & WEBSITE (SAVEPAY COOPERATIVE)

Senior Developer at Save Pay, a rapidly growing fintech startup. I led the development of both their mobile application and corporate website, helping build a secure and intuitive platform for financial services. My role includes maintaining production infrastructure, improving app performance, and contributing to feature planning with cross-functional teams.

PERA SHOP - E-COMMERCE (PERA TECHNOLOGIES LTD)

Developed a full-featured e-commerce platform for Pera Technologies LTD - Pera Shop - enabling users to purchase products using either credit cards or cryptocurrency. Implemented a merchant system that allows vendors to create custom stores, list products, and receive payments in either fiat or crypto. Successfully integrated the platform with the Pera crypto wallet app to provide a seamless and secure shopping experience for users.
